Ethical Conduct and Grievance Procedure

As a participant in a program at Ability KC, you or your representative (guardian, legal representative, family member or friend) have the right to file a formal complaint or grievance, without fear of retaliation or barrier to services, if you feel you have been treated unfairly or disagree with a decision that has been made about you or your program and services. Please follow these steps:

1. Discuss your concerns with the staff person responsible for the decision or action you are unhappy with. Or you may choose to discuss the issue with their supervisor. In most cases, a discussion between you and one of these individuals should resolve the problem.
2. If you are not satisfied with the outcome of those discussions, you may speak to the patient representative (816-751-7754) or your social worker and decide if you want to file a formal grievance. If you choose to file a formal grievance, you will be given the paperwork to complete. You may request assistance to complete the form.
3. The appropriate manager or supervisor will contact you within 3 business days of receipt of the formal grievance. He/she will gather information and contact you with an appropriate resolution within 7 business days of receiving the grievance.
4. If you are not satisfied with the resolution, you may appeal the decision to the Director of the Program involved within 10 business days. You will be informed of his/her decision in writing within 5 business days of his/her receiving your request to continue the grievance process.
5. If you are not satisfied with the decision of the Director, you may appeal the decision to the President/CEO within 10 business days. You will be informed of his/her decision in writing within 5 business days of receiving your request to continue the grievance process.
6. If you are not satisfied with the President's decision and would like an external review of the situation, we will provide contact information so that you may request a review by the licensing agency of the person or organization you are filing a grievance about (when applicable).

Involvement of Family Members and Significant Others

The involvement of family members, friends and other community supports can be a critical factor in your success. At your request, these individuals will be included in planning meetings and conferences related to your program.

The Treatment Process

Under the direction of the treating physician's prescription, a complete evaluation will be performed during initial therapy sessions. The evaluations help to determine the nature and extent of the problem and identify the best treatment approach to improve function. Goals are set for the therapy program in consultation with you and your family/caregiver after the evaluations are complete. At that time, a tentative date is established for achievement of goals and discharge from the program. The duration of therapy depends on the progress made toward achieving these goals. Under current Medicare, Medicaid and private insurance carrier guidelines, documented gains in therapy must be shown for a treatment program to continue. Periodic treatment team meetings and family conferences are held to review progress and modify the treatment and discharge plan. Communication with your referring physician and insurance company is ongoing as appropriate throughout your rehabilitation program. Recommendations for a home program, periodic re-check, or referral to another agency may be made at the time of discharge.

Satisfaction Surveys and Outcomes

We value your feedback and suggestions for improving our services. At the conclusion of your program, we will ask you to rate the services and overall experience. A staff member may also contact you approximately 90 days and 1 year after leaving our program to check on your status.

We regularly gather data concerning the impact of our services and the results achieved by people who participate in our programs. That information is summarized and available on our website. Additional information is available upon request.

Holidays and Cancellations During Bad Weather

Ability KC observes the following holidays when our programs will be closed:

New Year's Day	Memorial Day	Labor Day	Day after Thanksgiving
Martin Luther King	Independence Day	Thanksgiving Day	Christmas Day

If the weather prevents you from attending your scheduled program, please contact us as early as possible by calling our cancellation line at 816-751-7701. If you are scheduled to attend in the morning, please call by 8:00 AM. If you are scheduled to attend in the afternoon, please call by 11:00 AM. That gives us adequate time to reschedule other appointments.

Attendance Policy

Regular attendance is important in order for you to receive the full benefit from therapy program. If you must cancel a session, please us by calling the cancellation line at 816-751-7701 no later than 8:00 am of the day of the appointment.

If you fail to call, your absence will be recorded as an unannounced absence. You may be charged for unannounced absences. It is the policy of Ability KC that frequent unannounced absences will result in an automatic discharge from therapy. You will be notified by phone or letter if this is the case.

You may also be discharged from therapy for excessive absences, despite calling in, as these absences interfere with you getting the full benefit from your therapy program.

You may also be discharged if a change in your condition impacts on your ability to participate in the therapy program.

Safety Issues

We conduct routine safety drills which may occur during your time at our facility. Staff will instruct you on where to go and how to respond. Our facilities and campuses are smoke free. You must leave the property to smoke. We encourage you not to bring large amounts of cash or valuables with you to program activities, as staff cannot assume responsibility for those items. Out of courtesy to others, we ask that you turn off cell phones and other electronic devices while involved in program activities.

Please do not bring your children with you to scheduled activities, as staff cannot supervise them and it distracts you and others from full program participation. Your children must be escorted at all times while in the building.
