2. If you are not satisfied with the outcome of those discussions, you may speak to the program manager or your supervisor and decide if you want to file a formal grievance. If you choose to file a formal grievance, you will be given the paperwork to complete. You may request assistance to complete the form.
3. The appropriate manager or supervisor will contact you within 3 business days of receipt of the formal grievance. He/she will gather information and contact you with an appropriate resolution within 7 business days of receiving the grievance.
4. If you are not satisfied with the resolution, you may appeal the decision to the Director of the Program involved within 10 business days. You will be informed of his/her decision in writing within 5 business days of his/her receiving your request to continue the grievance process.

5. If you are not satisfied with the decision of the Director, you may appeal the decision to the President/CEO within 10 business days. You will be informed of his/her decision in writing within 5 business days of receiving your request to continue the grievance process.
6. If you are not satisfied with the President's decision and would like an external review of the situation, we will provide contact information so that you may request a review by the licensing agency of the person or organization you are filing a grievance about (when applicable).

Policy Against Harassment –

A. Employer Commitment to Provide a Harassment-Free Workplace
 Ability KC is committed to providing a productive, comfortable and enjoyable working environment for its employees. To do so, we believe that employees should

be treated and should treat each other with mutual respect, dignity and courtesy. We further believe that harassment in the workplace is incompatible with the kind of work atmosphere our employees deserve and is a form of misconduct which undermines the integrity of the employment relationship. Accordingly, Ability KC maintains a strict policy prohibiting all forms of harassment in the workplace and is committed to preventing harassment and intervening to stop harassment.

B. Employer Prohibition of Harassment

This policy prohibits sexual harassment and harassment that is based on an individual's race, color, religion, national origin, age, disability, gender (even if not sexual in nature), sexual orientation/preference and veteran's status. This policy applies to all work-related settings, including without limitation, an employee's customary work location(s), off-site locations where Ability KC business is conducted, vehicles used for company business, and social and recreational events which are planned and sponsored by Ability KC. This policy also prohibits retaliation or adverse employment action against any employee who exercises his/her rights under this policy.

C. Employee Rights

Consistent with this policy, each employee has the following rights:

1. Freedom from Harassment. The right to work in an environment that is free of harassment from other employees, supervisors and managers, volunteers, independent contractors, vendors and other non-employees.
2. Freedom to Report Complaints. The right to report any legitimate complaints that he/she may have regarding harassment or violations of this policy, whether such conduct is directed at him/her or at other employees, and the right to share any knowledge he/she may have regarding violations of this policy during any Ability KC investigation.
3. Freedom from Retaliation. The right to be treated without retaliation and without suffering adverse employment action for expressing good faith complaints under this policy, participating in any investigation hereunder or otherwise exercising his/her rights hereunder.

D. Reporting and Investigating Violations

If you feel you have been harassed or have seen someone else being harassed you should report the incident immediately to your Program Manager or the Operations Manager. All complaints will be investigated and if the complaint is found to be credible, management will take appropriate action up to and including termination.

Safety Issues –

Ability KC follows CDC health guidelines as well as any Kansas City Missouri Health Department mandates and regulations. When any CDC recommendations or health

department mandates are in effect (including mask mandates), staff, participants and visitors are required to follow those mandates according to Ability KC policy.

Ability KC works closely with our medical leadership to develop and update policies and procedures regarding the health and safety of persons served, and employees. This includes policies and procedures regarding Ability KC's response to COVID-19.

We conduct routine safety drills which may occur during your time at our facility. Staff will instruct you on where to go and how to respond. Our facilities are smoke free and staff can inform you where the designated smoking areas are outside each of our locations. We encourage you not to bring large amounts of cash or valuables with you to program activities, as staff cannot assume responsibility for those items. Out of courtesy to others, we ask that you turn off pagers and cell phones while involved in program activities.

The Industries Program you are now entering has three goals:

- 1) To increase your earnings to the highest level;
- 2) To develop good work habits, behaviors and skills; and
- 3) To prepare you for the opportunity to have a job in the community.

To help you achieve these goals, the workshop has been set up like a business or factory. The work to which you will be assigned is "real work" sub-contracted from local industries. You will be assigned a Supervisor who will train you and help you improve yourself as a worker. You will have regular work hours as well as scheduled morning, lunch and in some cases, afternoon breaks. You will be paid for the work that you do, usually according to the amount you produce.

As you begin your employment in the workshop, please take the time to become familiar with this handbook so that you will know the workshop's purpose, procedures, rules and regulations. If you have any questions about the handbook, you can ask your Program Manager or Supervisor. The workshop staff wishes you the best in your employment here and stands ready to assist you.

Probationary and Evaluation Period –

The first four weeks in the workshop will be an evaluation and probationary period. During this time, we will be observing your work habits, personal appearance, physical endurance, production and work attitude to determine if working in the workshop is the right place for you. If your employment here does not appear to be an appropriate placement, you will be dismissed and provided information about more suitable programs.

Your Team –

- You will have a team available to talk with you about how you can improve your work behaviors and assist you in achieving your goals.
- The most important part of your team is you. The remainder of your team may include your family, community supports, Program Manager, Workshop Operations Manager, Production Supervisor and Occupational Therapist (if needed). Program managers have a college degree and experience in human services. Production supervisors have high school diplomas and experience in many types of jobs. Workshop Operations Managers have many years of experience running sheltered workshop operations. Your Workshop team members have also received training in Gentle Teaching, MANDT, first aide, CPR, person centered thinking and other applicable topics.

All persons participating in the Industries Program will be assigned a Program Manager. Our goal is to provide the quality of services you both want and need.

Your Program Manager will meet regularly with you to talk about your performance in the workshop and to develop goals that you want to achieve. This could include goals for advancement into supported or competitive employment. Your Program Manager will develop an individual service plan with you.

At least four times each year (every three months) you and your team will meet to review your progress, potential and desire for advancement into supported or competitive employment.

Transportation –

It is your responsibility to get to and from work. If you need help with bus schedules or have any problems with transportation, talk to your Program Manager. Be sure to have a dependable way of getting to work on time everyday. **You must have reliable transportation to get home during the daytime if for some reason you cannot continue to work.**

Pay and Benefit Program –

Work quickly and accurately. For most jobs your pay is based upon a piece-rate system. Some jobs pay an hourly rate based on your productivity. By law, we must deduct Social Security (F.I.C.A.), Federal, State and local taxes from your earnings. Ask your Program Manager if you have questions regarding your pay rate.

When Do I Get Paid?

- You will be paid every Friday beginning your second week in the workshop.
- Checks are handed out at the end of your scheduled work shift.
- If you are on vacation you may pick up your check after 12:00 PM.
- **If you are off work due to illness, weather, or disciplinary reasons, you may not come to work to pick up your paycheck. It will be mailed to you.**

How Much Time Off Do I Receive?

- Sixteen days (listed earlier) for holidays.
- If you are a full time employee eighteen (18) days for vacation, sick or personnel leave, given at the first of January each year. If you start after January, leave time is prorated.
- If you work part-time your leave time is prorated based on how many hours you work.
- Vacation, sick or personal leave may be used in hourly increments.
- Leave without pay must be approved by your Program Manager.
- Unused benefits are not paid out at separation from employment.
- Unused benefit days expire Dec. 31 – there is no roll over of unused leave hours to the following year.

When Can I Use Days Off From Work?

- Vacation

- Sick leave
- Personal leave

You should spread your days off throughout the year and not take all of your paid days off during the first few months. If you use up all of your paid days off, you will not be given any more until the first of January of the following year. If you are gone for an extended period from work, you may request that you receive your vacation pay, or you may ask that your time off be without pay. You cannot save your paid days off to use the following year. If you do not use all of your paid days off during the year, you will lose them.

How Do I Get Paid Vacation Days or Personal Days?

- Inform your Program Manager.
- If an emergency happens, talk with your Program Manager about your situation so you can get paid for your time off.

How Do I Get Paid Sick Days?

- Call your Program Manager by 8:00 am.
- If you are sick more than one day you will need to call every day.
- If you are sick 3 days or more, you may need to provide a Doctor's excuse when you return to work. If you do not, your absence may be considered to be unexcused and/or you may not be allowed to return to work until you provide a doctor's excuse. Your team will decide what disciplinary action, if any, is to be taken depending upon the circumstances.
- **You may not return to work until you are symptom free for 24 hours**

What are Unexcused Absences?

- Missing work with no paid days remaining.
- Not calling in when you are off, no matter what reason.

If you have more than three unexcused absences within the year, your team may decide to terminate your employment. If you really need to have time off for some type of emergency and you do not have any paid days left, you must talk to your Program Manager and Supervisor about your situation. They can possibly approve additional days off without pay, depending upon the situation.

Appointments During Work Hours –

- Try to schedule doctor, dentist or other personal appointments for late afternoon or on the weekend so that they do not interfere with your work.
- When you have an appointment, you should notify your Program Manager in advance.

- You may request the day off and receive a paid personal day or you may take part of the day off to go to your appointment, in which case you will be paid only for the hours that you worked. If available, you may use paid personal time to cover hours away from work.

The staff prefers that you take only part of the day off for appointments because this is usually how people handle this situation in a competitive job. For example, if you have an appointment at 1:00 PM you should attend work in the morning and leave work early to attend your appointment. No matter how you decide to take time off, you may be asked to bring in an appointment slip or a written excuse from your doctor which states that you had an appointment and which explains any special work considerations that you may be under because of your health or medical condition.
